### U. S. Stands Firm As Reds Threaten To Stop Air Lift

By John M. Hightower  
Washington, July 15.—(P)—The United States restated its "we'll stay in Berlin" policy today.

Press Officer Lincoln White told a news conference at the State Department that there has been no change in the U. S. attitude since Secretary of State Marshall said in June 30 that "we intend to stay" despite the Russian blockade of the German capital.

The reaffirmation of policy followed Russia's rejection yesterday of the western powers' demand of July 6 that the blockade be lifted.

**Marshall's Statement Unchanged**  
Also left unchanged was Marshall's statement that maximum American resources, in cooperation with Britain and France, will be used to supply the civilian population of Berlin by air.

In this connection, the Russians

threatened through their official Berlin newspaper today to interfere with U. S. and British planes flying over the blockade.

A British air force spokesman in Berlin commented that the Russians can't interfere with this air traffic without resorting to military action.

**English Cabinet Meets**  
An atmosphere of crisis prevailed around a cabinet meeting in London. The cabinet was studying the Russian refusal to lift the Berlin blockade.

Some top policy-making officials here believe that the more insecure Russian leaders feel about their hold over their satellites the more difficult they may be for the western nations to handle.

Press Officer White said that the United States, Britain and France are already consulting on the next moves which the western powers should make.

### First World War Hero Dies Early Thursday Morning

by Elton C. Fay

Washington, July 15.—(AP)—General of the Armies John J. Pershing, who in his 87 years had fought Indians and led American forces to victory in World War I, died today.

The country's flags were lowered to half-staff in grateful respect, by presidential order.

Death, which had hovered near the ailing old soldier for many months, came quietly in the pre-dawn hours.

## U. N. Demands Immediate Cease-Fire In Palestine

By Larry Hauck

Lake Success, July 15.—(P)—The Security Council tonight ordered the Jews and Arabs to halt the war in Palestine. The decision was packed up with provisions for United Nations force if necessary.

The final vote was 7 to 1 with Syria alone in opposition. Russia, the Soviet Ukraine and Argentina abstained.

The decision, taken on an American resolution, gave the Jews and Arabs three days to cease fire. If either the Jews or Arabs ignore this order, the situation is automatically ruled a breach of world peace. The council then must consider immediately which steps to take to enforce the order. The U. N. charter lists diplomatic sanctions, economic sanctions and as a last resort the utilization of international land, sea and air forces.

Count Folke Bernadotte was instructed to supervise the cease-fire, which is of unlimited duration, and continue his efforts at Jewish-Arab mediation. Russia refused to support the sections concerning Bernadotte in the paragraph voting, contending he is trying to wreck the partition plan.

**Russia Supports Order**  
Russia supported the order to the Jews and Arabs to lay down their arms. The Soviet Union, however, refused to endorse parts of the American plan calling for further mediation efforts by Count Folke Bernadotte and the abstention on the final ballot apparently was in protest against inclusion of these sections. Russia could have killed the whole plan with a veto.

Argentina abstained because of opposition to the use of force.

Arab delegates have told the council that they could see no possibility of the Arabs accepting the order. Israel was expected to comply.

**Orders Jerusalem Truce**  
The resolution also ordered an unconditional cease-fire in Jerusalem to take effect within 24 hours.

Weary delegates took the final

vote at 7:35 p. m. (CST) after three days of debate. Paragraph by paragraph voting took nearly four hours and the results became official only when a ballot was taken on the entire American resolution.

Cairo and Tel Aviv were bombed while the council debated.

**Authorizes Use of Force**  
The resolution said there is now a threat to world peace in Palestine. If either the Jews or Arabs ignore this order, the situation is automatically ruled a breach of world peace. The council then must consider immediately which steps to take to enforce the order. The U. N. charter lists diplomatic sanctions, economic sanctions and as a last resort the utilization of international land, sea and air forces.

Count Folke Bernadotte was instructed to supervise the cease-fire, which is of unlimited duration, and continue his efforts at Jewish-Arab mediation. Russia refused to support the sections concerning Bernadotte in the paragraph voting, contending he is trying to wreck the partition plan.

**Youths May Enlist  
For One Year Duty  
Beginning July 21**

Washington, July 15.—(P)—The army, navy and air force will begin accepting special enlistments of 18-year-old volunteers under the new draft act on next Wednesday, July 21.

Secretary of Defense Forrestal announced the date today after getting budget bureau approval for use of the necessary funds.

Each force will accept enlistments in approximately equal monthly numbers within the limits set by the service act. These limits annually are: army 110,000; navy 36,000; air force 15,000. Total 161,000.

Under the act, the armed forces are authorized to accept enlistments of youths between the ages of 18 and 19 who volunteer to serve one year in the regular forces followed by an extended period in the reserves.

By enlisting, the youths will be exempt from being called up in the draft.

**Renew Cominform  
Attack On Tito  
With Fresh Blast**

London, July 15.—(P)—The Russian dominated Cominform denounced Marshal Tito today as a "betrayer of the working class" who rules Yugoslav communists with a "regime of terror."

The Cominform renewed its battle with Tito, making its second attempt to discredit the Yugoslav premier. It sounded an apparent call for Yugoslav communists to break with Tito.

The blast appears in today's issue of the Cominform bulletin, scheduled to go on sale in Bucharest tonight.

Rejecting Tito's defense against the Cominform's charges of anti-Soviet nationalism, the article said the Yugoslav premier "taste of nationalist hate directed against world-wide communist movements."

The article accused Tito and his top ministers of packing the Fifth congress of the Yugoslav communist party, due to open next Wednesday, with handpicked delegates.

**Tucker Promises  
Dealers New Cars  
Within 78 Days**

Chicago, July 15.—(P)—Preston Tucker today promised automobiles to his 78 distributors within 30 days.

After the radically new Tucker cars reach the distributors, the 1,774 Tucker dealers will begin receiving them "as rapidly as possible," the Chicago motor maker said.

A Tucker Co. spokesman said 29 Tucker cars have been roadtested in various parts of the country and 69 others are almost completed.

Some hand work was necessary to complete these cars, the spokesman said. However, he continued, three assembly lines, each capable of handling 48 cars hourly, are nearing completion at Tucker's huge plant.

The plant has been shut down since last Thursday during a Securities and Exchange Commission investigation of the company's financial records. It will reopen July 21.

**Report Agreement  
Near In Steel  
Wage Dispute**

Pittsburgh, July 15.—(P)—Reports were persistent tonight that U. S. Steel Corp. and the CIO United Steelworkers have reached an accord on wage increases for nearly 300,000 employees.

Although steel spokesmen had no comment and Philip Murray, president of both the CIO and the steelworkers, said only that a statement would be forthcoming tomorrow. It was believed the union's wage policy committee would approve the reported agreement.

It has been reported persistently that "Big Steel" would increase its wages eight to 13 percent, working out to the equivalent of about 123 cents an hour for steelworkers now paid an average of \$1.55 hourly.

The steelworkers are under a two-year contract with a "no strike" pledge.

**Man Convicted  
For Avoiding  
Overseas Duty**

Detroit, July 15.—(P)—John H. Buell, 37-year-old Glenside, Calif., grower was convicted yesterday by a federal court jury of thrusting his foot under a moving train to avoid overseas duty with the army.

"He was in love and didn't want to be shipped out," U. S. Attorney Thomas P. Thornton declared. He said the injury took place at Camp Crowder, Mo., in 1943.

Judge Frank A. Picard delayed sentence, but indicated he would not follow the jury's recommendation for leniency. Maximum sentence for the charge of attempting to defraud the government is 10 years in prison and \$10,000 fine.

**R. W. STERLING DIES**  
Dixon, Ill., July 15.—(P)—Robert W. Sterling, formerly a member of the State Board of Pharmacy and a prominent Republican, died today.

**8-YEAR-OLD KILLED**  
Harrisburg, Ill., July 15.—(P)—Jerry Wayne Crews, 8-year-old son of Mr. and Mrs. George Crews of Stonefort, was killed today when he rode his bicycle in the path of a freight train in Stonefort, Coroner Rees Turner reported.

**Barkley To Keep  
Senate Position**

Philadelphia, July 15.—(P)—Senator Alben Barkley of Kentucky said today he will retain his Senate place while campaigning for vice-president on the Democratic ticket.

"The answer is no," the 70-year-old Kentucky said when asked if he would resign his Senate seat because of his nomination for the No. 2 place on the ticket headed by President Truman.

Barkley is the Senate's minority leader.

## Truman Calls Special Session Of Congress

### Truman Faces Battle With GOP, South

by Douglas B. Cornell

Philadelphia, July 15.—(AP)—President Truman took on today a momentous political battle, with Republicans in and out of Congress and with rebellious Southerners in his own party.

The opposition swiftly accepted the changes Mr. Truman laid down. The Republicans did it with charges of "cheap politics" and the shifting of GOP campaign headquarters to Washington.

Southerners who bolted the Democratic national convention last night in a race over the civil rights issue reacted with a formal call for a rump convention in Birmingham Saturday. They plan to pick a candidate who thinks the states—not the federal government—should handle such problems as lynching and poll taxes.

**Speech Stirs Fight**  
Mr. Truman stirred up both the Republicans and part of the once solid South in a short, hard-swinging pre-dawn speech today. In it he:

1. Accepted the presidential nomination of the Democratic convention at the moment of the greatest split in 88 years—a split over racial and civil rights issues.

2. Announced he was summoning the Republican-led Congress back into a special session that promises to be as hot as a Washington summer. His announced purpose: To carry the offensive to the GOP; to make it put up or shut up right now on its own platform promises.

**Ask Anti-South Laws**  
3. Appealed for Democratic party harmony while warning the South in its sorest spot. One thing he will ask—again—is that Congress pass some laws against lynching and poll taxes and "Jim Crow" discrimination against negroes.

In the national campaign, it will be Mr. Truman and Senator Alben W. Barkley of Kentucky against Gov. Thomas E. Dewey of New York and Gov. Earl Warren of California.

Barkley accepted the Democratic vice presidential nomination, also in this morning's early hours. He won it unanimously on the first ballot.

Mr. Truman was a first ballot winner, too, but far from a unanimous winner. For the South, angered by his civil rights program and a Northern maneuver that wrote it into the party platform, put up Senator Richard Russell of Georgia as a protest candidate.

**Crippled Veteran  
Shot After Fight  
In Wheel-Chairs**

Memphis, Tenn., July 15.—(P)—A paraplegic veteran was shot today after he and another paraplegic had engaged in a fist fight in wheel chairs at Kennedy Veterans hospital.

Dr. Clyde Beck, hospital manager, gave this account:

Wallace Rice, about 30, of Amarillo, Texas, and Richard Hicks, 31, of Canolau, Mo., had argued in the past. Early today the trouble reached a head and they agreed to go to the hospital sun parlor and fight it out.

The men, each paralyzed from the waist down, fought until both fell from their wheel chairs. An attendant helped them up and sent them back to their ward.

Later, Beck said, Rice shot Hicks through the thigh while he slept.

**McCormick Would  
Welcome Scotland  
Into United States**

Glasgow, Scotland, July 15.—(P)—Col. Robert R. McCormick, publisher of the Chicago Tribune, said today he would gladly welcome Scotland into the United States.

"I do not think Scotland would benefit by joining," he said. "I think the United States would benefit."

Col. McCormick left for Belfast after a 24-hour visit.

He said he had been impressed by the natural resources of Scotland, its rich crops and its splendid cattle. He said the country roads here are better than those in the United States. He said the physique of the Scottish people is "splendid."

**BRITISH JETS ARRIVE**  
Montreal, July 15.—(P)—Six Royal Air Force Vampires, first jet aircraft to cross the Atlantic, are expected at Mont Joli airport tomorrow morning from Goose Bay, Labrador, an air force spokesman said today.

There are 31,170,000 telephones serving the 140,000,000 residents of the United States.

### UMW Journal Hits Truman's Record

Washington, July 15.—(P)—John L. Lewis' United Mine Workers Journal asserted today that organized labor itself should work for repeal of the Taft-Hartley act rather than depend on the Democratic party platform.

The Journal said that President Truman, "by his championship of anti-labor injunctions repudiated the labor guarantees of the Democratic platform of 1944."

The Lewis publication, although not flatly endorsing Republican Nominee Thomas E. Dewey, made it clear that UMW was vigorously opposing Truman.

**Government Offers  
Purchase Contracts  
On 1948 Grains**

Washington, July 15.—(P)—The government today offered farmers purchase agreements on 1948 crops of wheat, oats, barley, rye, and grain sorghums as a means of price support.

The agreements are in addition to the program offering loans to farmers on those grain crops. They will be offered farmers from the time of harvest to December 31, 1948, in all states and counties where commodity loans are available. In substantially the same terms as those which applied to the 1947 crop.

Under the terms, the producer must state the maximum quantity of grain upon which he wants an option to deliver to the Commodity Credit Corporation. The CCC will accept any quantity up to the maximum stated by the producer during the 30 day period following maturity date of the 1948 loans. The maturity date on these loans is April 30, 1949, or earlier on demand. Purchase prices will be the same as the corresponding loan delivery dates.

**Chicago Printers  
Reject Publishers  
Arbitration Offer**

Chicago, July 15.—(P)—Refusal today of striking printers to accept an arbitration offer made by Chicago newspaper publishers brought charges from the newspapers that the printers lack good faith "even to attempt" to reach an agreement.

John P. O'Keefe, secretary of the publishers' association, called comments of John J. Plich, president of the printers' union, "intemperate."

Earlier today Chicago Typographical Union 16 rejected "the capricious arbitration offer of the publishers."

In a letter to the publishers' association, Plich said the union position "will stand for unlimited duration." The printers have been out since last Nov. 24. The newspapers have been publishing since then by photoreproducing typewritten copy.

Chicago's five major newspapers are involved. They are the Daily News, Herald-American, Sun-Times, and Journal of Commerce.

**Ford Employees  
Ready To Strike  
For Wage Increase**

Detroit, July 15.—(P)—Representatives of 116,000 Ford Motor Co. workers today unanimously authorized the CIO-United Auto workers to call a strike against the big automotive firm.

Rejecting Ford's "final" offer of a 13-cent hourly pay raise, the National Ford Council demanded that Ken Bannan, National Ford director, set a date for the walkout.

Bannan was expected to delay any action until after Monday, when the union's executive board meets. A strike would have to be approved by the international union before a walkout could actually begin.

Ford made what it called its "final" offer last night. Its terms included a flat 13-cent raise and several other benefits.

The bargaining sessions, which have lasted a month, were then immediately halted. No further sessions were scheduled at today's union meeting for the next few days.

The union charged Ford with "breaking off" the talks, but the company has insisted it is ready to resume them at any time.

**GUERRILLAS RETREAT**  
Athens, July 15.—(P)—Dispatches from Greek Second Corps headquarters in Kozane said today the Communist-led guerrillas in the Grammos mountains area are in full retreat.

**WEATHER**  
The Norbury Sanatorium, cooperative observer for the U. S. Weather Bureau, yesterday reported official temperatures for Thursday as: high, 90; low, 65; and at 7 p. m., 78.

**Forecast for Illinois**—Mostly cloudy with occasional showers and thunderstorms Friday forenoon. Not much change in temperature.

## DeGasperi Defies Reds As Strikes Continue

### Bring Indictments In Suit Studying Rath Plant Strike

Waterloo, Ia., July 15.—(P)—The Black Hawk county grand jury which has been in session since June 9 investigating violence at the Rath Packing company plant during the strike returned 33 indictments today, all in connection with the strike.

The jury indicted Fred Lee Roberts, Negro, of Dunkerton, Ia., on a charge of manslaughter in connection with a fatal shooting on the picket line at the plant which was followed by a riot.

Also indicted were Leo Guynn, president of the CIO United Packinghouse Workers union local, and Everett Hopper, chief steward of the local. Both were charged with conspiring to riot and were being held in the county jail.

Eleven indictments charging conspiracy were returned.

**Jews Raid Cairo;  
Egyptian Planes  
Hit Tel Aviv**

Cairo, July 15.—(P)—An Israeli plane bombed Cairo tonight. It was the first Jewish air attack of the Palestine war on the big Egyptian capital.

The Egyptian defense ministry issued a communique saying "at 7:55 this evening (11:55 a. m., CST) an enemy plane raided Cairo and dropped some bombs." The communique did not specify where in Cairo the bombs fell, whether there were any casualties or the extent of the damage.

The same communique said Egyptian planes raided Tel Aviv, adding that "our heavy bombers dropped high explosives and incendiaries on objectives, causing considerable damage and many fires."

In Tel Aviv, an Israeli military spokesman said tonight a hull had occurred in the Palestine ground fighting. No major clashes took place on any front during the day, he said, although artillery shelling continued.

Israel claimed her troops are poised along three sides of Nazareth, the home of Christ, and that their forces had hammered Arabs near Jerusalem.

**Nine Die In Crash  
Of Air Force B-29  
Near Kansas Base**

Salina, Kas., July 15.—(P)—Nine men were killed today in the crash of an army B-29 bomber returning from a simulated bombing mission over four mid-western cities.

Col. Leslie G. Mulzer, commanding the 301st Very Heavy Bombardment squadron at the Smoky Hill air base here, said one other member of the crew was seriously injured and three others escaped by bailing out at an altitude of 1,200 feet.

The crash occurred about half a mile east of the village of Smolan, Kas., about 2:25 p. m. (CST).

The plane crashed as it was coming in for a landing on its return from a mission with a group of other bombers. It was one of a group which had made simulated bombing runs over St. Louis, the two Kansas cities and Omaha, Neb.

Identification of the dead was withheld.

The air base listed three survivors of the crash as: 1st Lt. Donald Zellman, 2nd Lt. Lyle B. Bordeaux, Staff Sergeant Earl W. Ruetter.

**Fort Riley Only  
Camp In Section  
Affected By Draft**

Washington, July 15.—(P)—Fort Riley, Kas., is the only army installation in the three-state area of Kansas, Oklahoma and Missouri which will be affected by the new selective service training program, an army department official said today.

He told a reporter that up to this time no expansion is proposed at Fort Sill, Okla., as a result of the program and that no army project in Missouri is affected.

Jefferson barracks in Missouri is out of the War department's hands and there is no plan to ask for its return, he said.

**FIND ACCIDENT VICTIM**  
Bloomington, Ill., July 15.—(P)—The body of Robert Eugene Allen, 22, of Thornton, Ind., was found pinned beneath his wrecked automobile on U. S. Route 51 near here this afternoon.

The car was found in a ditch, alongside the highway, leaning against a telephone pole.

**Burial To Be Monday**  
The general will be buried Monday in Arlington National Military cemetery after ceremonies such as the nation reserves for its great men.

His body will lie in state in the rotunda of the capitol on Sunday and Monday morning. Troops will escort the body through the city and out to the green hills of Arlington where President Truman will come to pay the nation's and his own farewell to the man who was his commander in World War I.

For neighbors in Arlington, Pershing will have some of the soldiers of his command in France. He wanted it that way. Several years ago he went to the cemetery, picked out a spot in the midst of the World War I dead section, and said that was where he wanted to be buried.

**Interred With Troops**  
"When the last bugle call is sounded I want to stand up with my soldiers," the general said.

Mr. Truman called for a nationwide memorial observance of the general's death, ordering that flags be flown at half staff on all public buildings, military posts and American ships until the funeral.

This country "will ever hold him in grateful remembrance," said the president in a statement. Other high officials added their tributes.

The country, indeed, had expressed its gratitude back in 1919 when congress, by a special act, conferred the highest military title on him—general of the armies. Only one other, Washington, held that title, and that also by a special act of congress.

**Served Against Indians**  
He first served as a junior officer with the 6th Cavalry regiment at Fort Wingate, N. M. Later he was in action as a scout against the Sioux in Nebraska and the Dakotas, and still later he fought in the war with Spain, the Philippines, and finally in France.

## COMICS MAGAZINES REFORM

(From the St. Louis Star-Times)

In announcing details of their sudden reformation, the newly-formed Association of Comics Magazine Publishers reveal just how far they went toward the corruption of youth before several aroused communities sicked the police on their product.

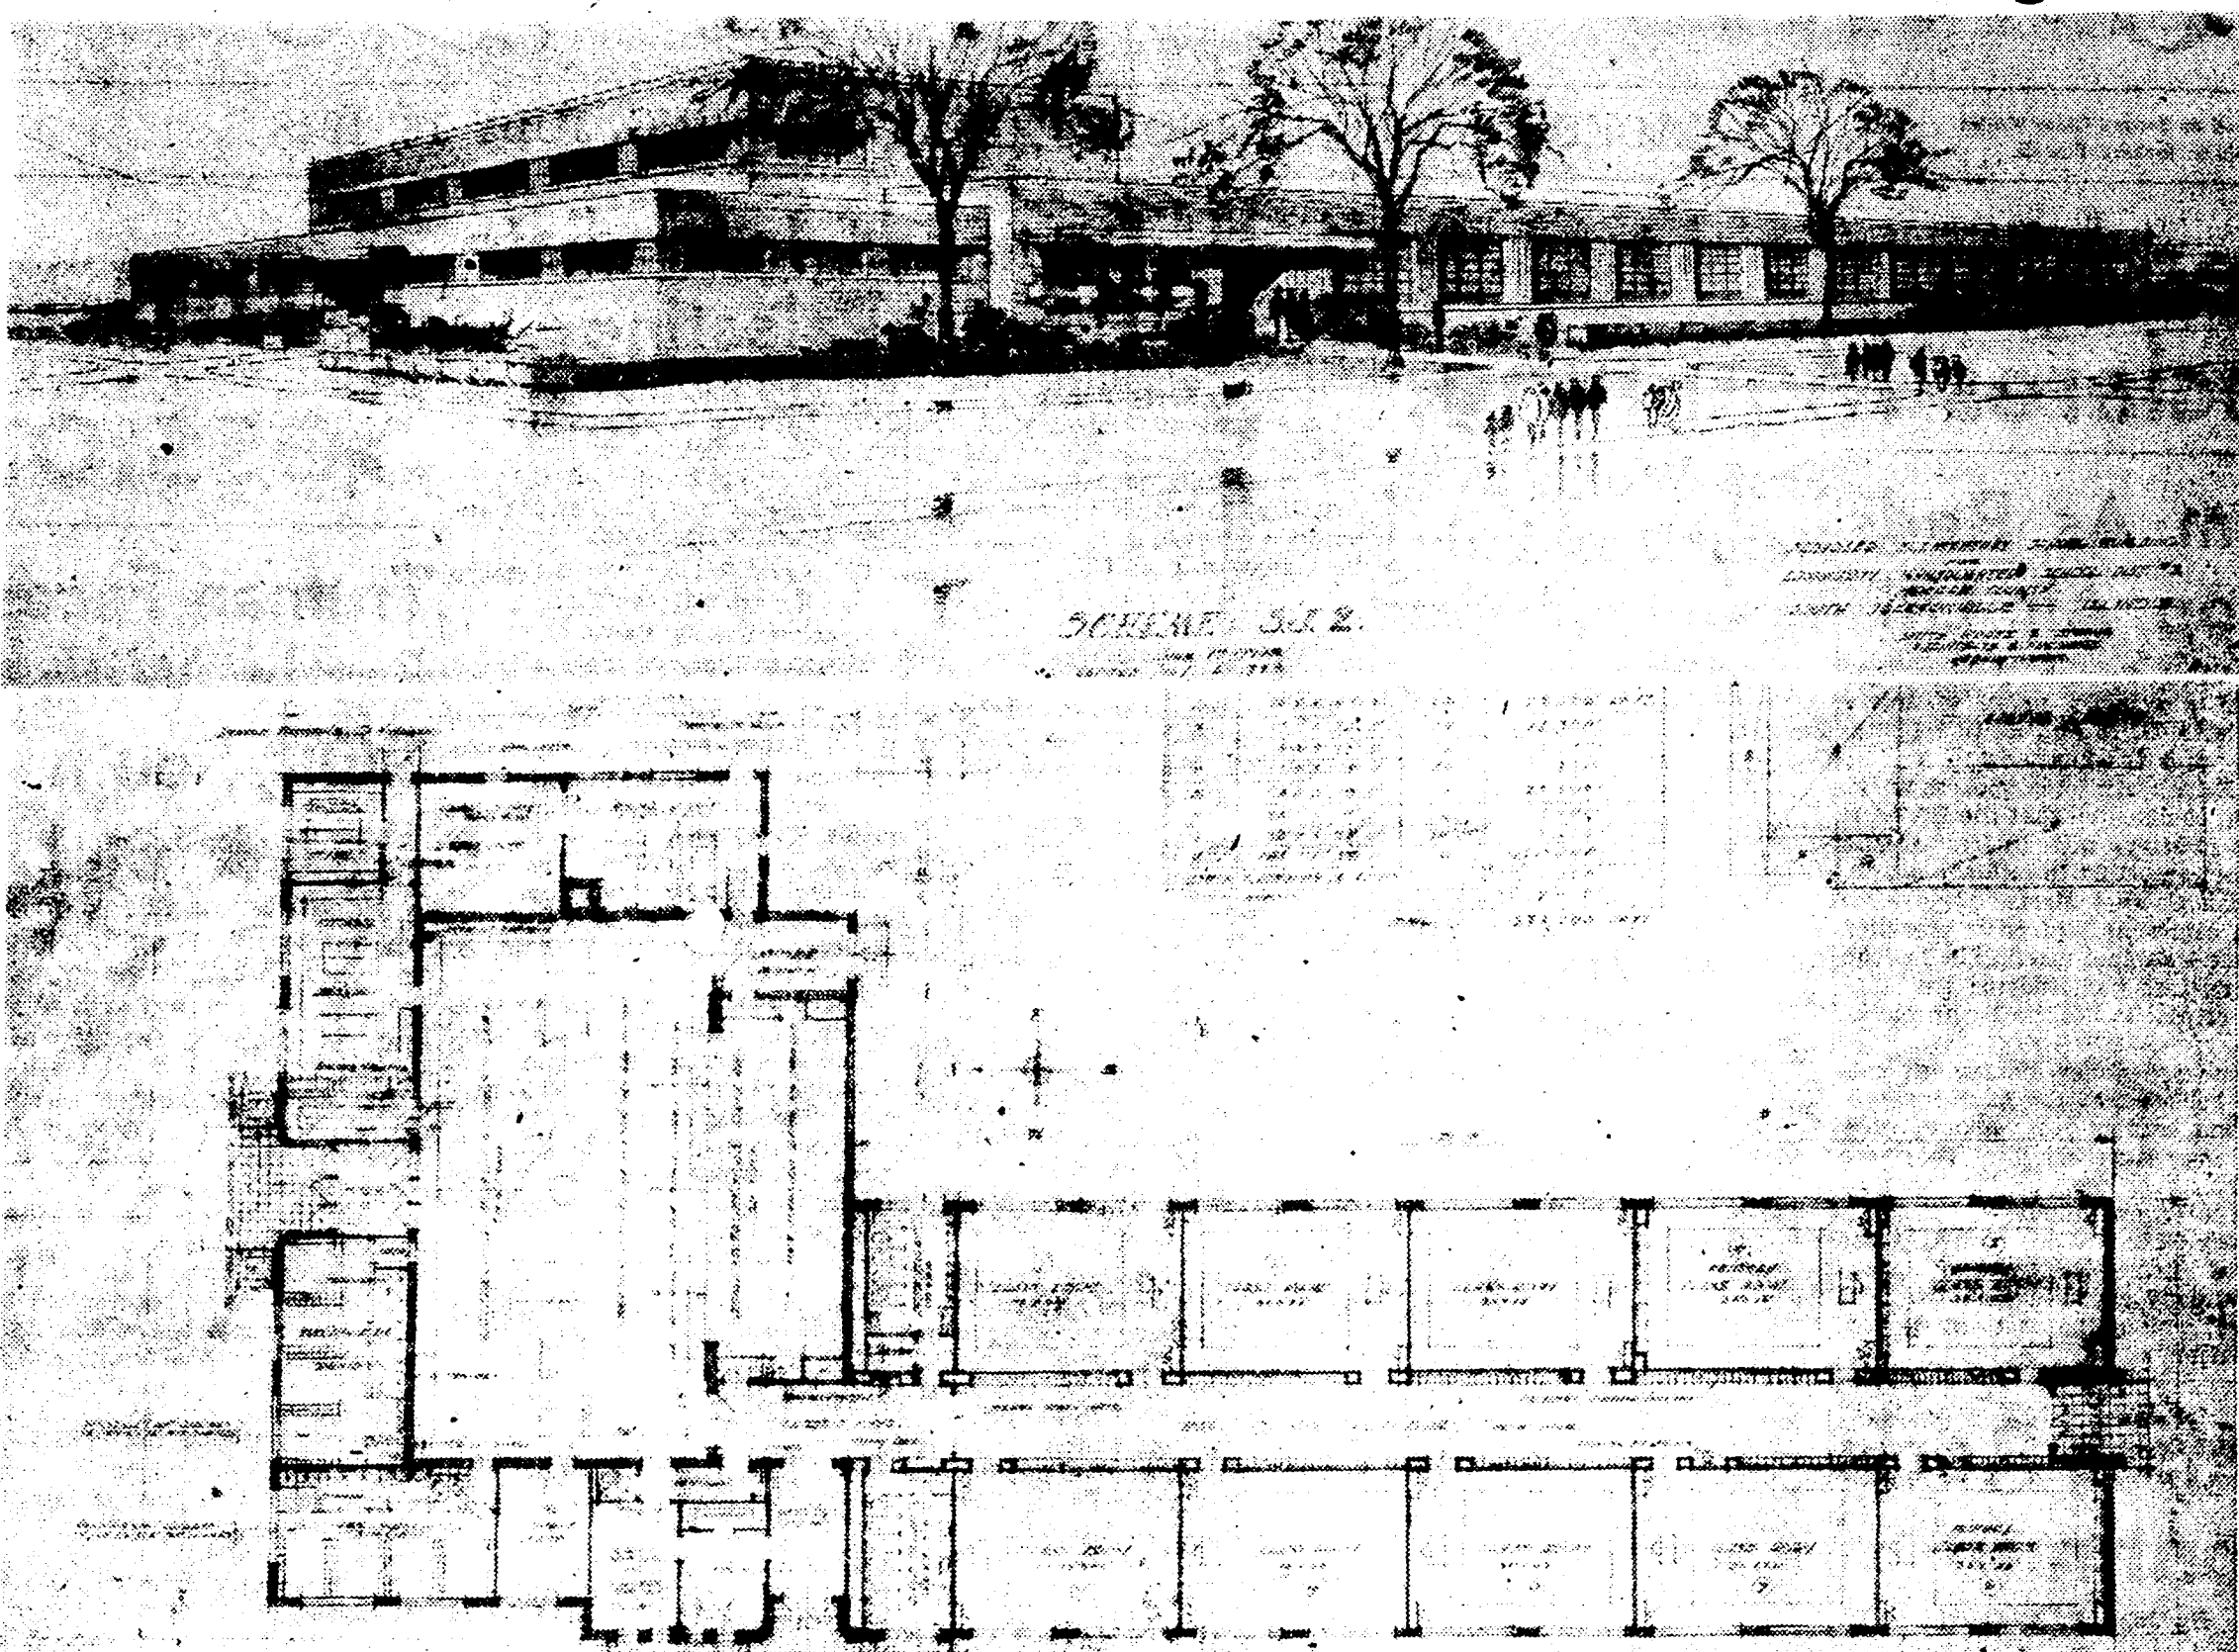

There is more than a small measure of confession in the new code of editorial standards which would prohibit such things as glorifying crime and criminals while ridiculing the law, teaching the methods of criminals, scenes of sadistic torture, sexy and wanton pictures, vulgar and obscene language, making divorce glamorous and alluring, ridicule of racial and religious groups.

If a man were to stand in the public square and solemnly pledge never again to beat his wife and starve his children, he would announce to all and sundry that he had been doing these things. No doubt the new code of the comics magazine publishers will surprise many parents who have never taken the trouble to examine the little pamphlets with the lurid covers their children bring into their homes. Now, perhaps, they will.

However, only 14 publishers of the 34 in the comics magazine field have agreed to the code, and since the total monthly circulation of such publications is estimated at 50,000,000, indicating that no less than 100,000,000 children read the things every month, the cleanup is off to a slow start. Moreover, the code's effect, if any, cannot be felt for three months, owing to advance preparation and printing.

It would seem that the time has not yet come for communities to relax vigilance over this insidious contribution to juvenile delinquency. Until clean comics magazines actually show up on the news stands, the other kind should be consigned to the municipal incinerators.

# Consolidated District Plans New Grade School Building

Above is an architect's sketch of some of the newer structures at MacMurray College. Interested citizens who wish to inspect the blueprints are invited to contact members of the board of education of the district. Thomson & Thomson are attorneys for the board in planning the new structure.

The new building would be located on the west side of South Jacksonville, north of Vandavia Road and adjacent to Dewey Park. The school site of approximately six acres was selected by voters at an election held April 10 of this year. Plans for the building still are in a tentative stage. Officials of the district expect to submit the proposal to the voters late this summer, when propositions for issuance of bonds and construction of a new school will be placed on the ballot.

The district, an elementary or grade consolidation, was organized March 15, 1947, composed of the following former school districts: Buckhorn, Douglas Institute, Maple Grove (north half), Mound, Narrows, Prairie College, Routt, South Jacksonville and Strawn's Grove.

Members of the board of education are M. A. Birdsong, president; Lloyd L. Black, secretary; Milton N. Birdsell, Chauncey Carter, Thomas P. Cosgriff, James A. Dunlap and Harold E. Hembrough.

At present the district operates four separate grade schools—Mound, Prairie College, South Jacksonville and Strawn's Grove. The present grade enrollment in the district is approximately 245.

A maximum capacity for 350 pupils would be provided by the new building, in order to serve the anticipated larger enrollment due to increased birth rate.

Plans call for a one story fireproof building of brick and Haydite concrete block construction. Additional rooms can be built on the class room wing, and the class room section can be closed off from the rest of the building. The structure is designed so as to accommodate community meetings without interference with the class room area. It includes a combination gymnasium and auditorium capable of seating from 310 to 480 persons. A kitchen is planned for the gymnasium in order to provide for lunches. Other features include a principal's office, combination health and teachers' room, class rooms and locker rooms. All class rooms have either east or west frontage.

## To Make Appraisal Of Resources In G.M.&O. Territory

In order to further industrial development in the cities which it serves, the Gulf, Mobile and Ohio Railroad announced Thursday that it has employed William A. Riggs, geologist and civil engineer of Shreveport, La., as a member of its industrial relations department.

The new industrial engineer will make a systematic appraisal of all natural resources and physical assets in G. M. & O's territory. Vice-President T. T. Martin said. This information will be made available to existing industries throughout the railroad's territory and to new industries seeking locations.

Mr. Riggs is a graduate of George Washington University in engineering and geology, and was an ordnance engineer in the navy during World War II.

On June 1, 1948 there were 11,287,000 persons at work on farms in the United States.

## MEN! FEEL YOUNG AGAIN

Have the passing years left you tired and uninterested in the joys of life? Do you feel old at 40, 50 or more? Don't let the feeling of advancing years make you discouraged. You may once more enjoy the zest of living as you did in former years. Regain the pleasure of youth. Go to your drugstore and ask for a bottle of Beytron tablets, take as long as you feel you need them. You will be amazed at the difference it will make in your entire outlook on life. Women too find Beytron beneficial. Ask for and visit upon genuine Beytron.

## Mission Group Of Westminster Has July Meeting

The July meeting of the Westminster Missionary society was held Tuesday at the home of Mrs. Edith Archer on Finley street. In the absence of the president, Mrs. Herbert Capps, the meeting was presided over by Mrs. B. C. Neims, vice-president.

The Twenty-third psalm was repeated in unison, followed by group singing of "All Hail the Power of Jesus' Name." Members also recited the seven word prayer.

The devotional period was conducted by Mrs. Walter Rabjohns, who had as her subject, "Prayer." Mrs. Rabjohns read a story and led in prayer, after which various members of the society read passages from scripture.

At the conclusion of the business session, Mrs. Neims introduced the guest speaker, Mrs. Harness, who reviewed a portion of Frank S. Meart's book, "On Our Own Doorstep."

During the social period refreshments were served by the hostess, assisted by her sister, Mrs. Atchey.

## RECEIVES DIVORCE ON CHARGE OF DESERTION

## Boyle's Column

# People, Tony Says, Don't Make Sense

By Hal Boyle

Philadelphia, July 15—(AP)—"People!" Tony said. "I think people don't make sense."

He'd just seen the Democratic convention finish up after three days of heat and speeches and people rushing out to the convention hall and back to their hotels again.

The delegates were everywhere: in the lobbies, on the sidewalks, in the stores but it was in the convention hall that they really suffered.

It was so steaming hot there, through the haze of blinding floodlights and cigarette smoke, they seemed to be hopping around like people in a hot water bottle up to their necks.

Tony actually didn't get out to the convention hall. He was just working in an office and the convention came to town, and he looked at it from the window whenever he sat, looking at the delegates one cord, below as they rushed up and down the sidewalks on their way to some place.

And all the time he laughed. "I never saw anything like it," he said. "Look. The people are all in a hurry. They keep going around and around like they were caught in the revolving doors in Wanamaker's on Christmas eve."

He couldn't get used to it, any of it.

He ran into a cop who had charge of sending out limousines to big shot politicians who wanted to go someplace but felt too important to ride in taxicabs.

"I'm getting confused," the cop said, shaking his head. "A big shot from Washington called me and said to send the machine around. I forgot his name. It sounded like Mr. Pistol."

"So the machine goes to his hotel and a man steps up and asks is this the machine for Mr. Pistol. The driver says yes it is. So the man gets in and says to drive him out to the convention hall. And he gets out there."

"But it turns out he ain't Mr. Pistol. Mr. Pistol is still standing out front of his hotel, waiting for the machine to pick him up and he calls me up and bawls me out for being slow."

Tony didn't think there was anything very crazy about this until he said to the cop "but that only happened one time, didn't it?"

"No, if it was only one time I wouldn't talk about it," the cop said. "No, it's not just one time. This convention's been going on three days and this been happening every day all day for three days, strange guys getting into the limousines."

Tony, whose last name is Catella, meets a man whose name is Alderman Duncan.

But Tony can't believe it. He's seen so much in three days he can't

believe anybody's first name is Alderman Duncan. He thinks it's a title, not a name.

"What is your name again?" says Tony.

"Alderman Duncan," the man says.

"Very good, Alderman," Tony says. "From now on you can call me Statesman Catella."

## Carrollton Church Installs Organ

Carrollton—The Wurlitzer Electric organ which was recommended for purchase by the organ committee of the Baptist church, has been installed in the church auditorium for a trial. The organ will be used in the morning service Sunday. An organ recital of sacred music will be given in the church Sunday evening by a representative of the company.

During the morning worship Miss Nita Ford, choir director, will be organist. The special number by the choir will be "Hear My Prayer" by Breach, with Mrs. Albert Scott as soloist.

The soloist for the Sunday evening service, with the accompanist from St. Louis, will be William Alfied. He will sing "Sheep May Safely

Graze" by J. S. Bach. A special number by the church choir Sunday evening will be "O Come Let Us Sing" by Adams.

A decision regarding the purchase of the organ will be made by the church shortly after the recital, a meeting of the organ committee, with F. L. Imus as chairman; the finance committee, with Dr. John W. Crouch as chairman, and the publicity committee with Mrs. Meda Dowdall as chairman, will be called for an evening next week according to present plans.

Palestine has about the same area as Maryland.

### French Family Has Annual Fish Fry At Chandlerville

Chandlerville — Members of the French family held their annual fish fry Sunday at the home of William French. Forty-eight people attended the gathering.

Guest of honor was Mr. French, who was celebrating his 82nd birthday on Sunday.

Members of the family were present from Medora, Alton, Cottage Hill, Peoria, Virginia, Wisconsin Rapids, Wis., Beardstown, and Chandlerville.

William C. Beck, who is employed in Peoria, spent the week end with his mother, Mrs. Paul Abbott.

Mr. and Mrs. Dennis Dearing and children of Canton were week-end guests at the home of their parents, Mr. and Mrs. W. D. Blair and Mr. and Mrs. Harry Dearing.

Fred Wahlford returned to his work in Rockford Sunday after spending the past week with his wife and daughter here.

Mr. and Mrs. Darrell Walker and family of Ashland visited Mrs. Walker's parents, Mr. and Mrs. James Blair, on Sunday.

Mr. and Mrs. William Dietsch and sons of Springfield spent the week end with Mr. Dietsch's mother, Mrs. Maude Dietsch, and family.

### Nortonville

Nortonville—Mrs. Alma McLamar and daughters, Mrs. Sylvia French and Mrs. Martha Harris, have returned from a visit with Mrs. McLamar's sister, Mrs. John Beckman of Philadelphia, Pa. They drove to New York, Atlantic City, Valley Forge, and other places of interest.

Miss Bonny Vedder is visiting her grandmother, Mrs. Neona Vedder of Bloomington, Mr. and Mrs. Joe Vedder of Jacksonville, Miss Georgia Neely of Springfield, and Mr. and Mrs. Charles Mutch and family spent Sunday with their parents, Mr. and Mrs. Frank Vedder.

Sunday guests of Mr. and Mrs. Roy Kelly were Mr. and Mrs. Lewis Kelly of Jacksonville, Mr. and Mrs. Wayne Henry and children of Palmyra, and Gus Kelly and Irene Henry of Woodson.

Mr. and Mrs. Bob Bolton and daughter of Virden were Sunday guests of Mr. and Mrs. Guy Alexander.

### Give Picnic For Denver Visitors

Carrollton—A family reunion honoring Mr. and Mrs. Avery Hildebrandt and children of Denver, Colo. was held Sunday in the City Park here. Among those from out of town who were present were Mr. and Mrs. Roy Campbell of White Hall, Mr. and Mrs. A. Westerhold of Alton and Mr. and Mrs. Lester Hildebrandt and daughters of Carrollville.

Mr. and Mrs. Herman Kruze of Los Angeles, Calif., who are visiting her mother, Mrs. Alice Hildebrandt in Kane, were honorees at a picnic Sunday in the City Park. Among the guests were Mr. and Mrs. Carroll Short, Mr. and Mrs. Elmer Anderson and son and Mr. and Mrs. Thomas Benner of Alton, Mr. and Mrs. Meade Keely, Mr. and Mrs. Muri Keely and children and Mrs. Goldie Short of this city.

Class Supper At Park

The members of the Philathea class of the Baptist church had a picnic supper Monday evening in Fry Park. The hostesses were Mrs. Hazel Frech, Miss Maxine Britten, and Miss Nita Ford.

Mrs. Howard Kessie will enter the Boyd Memorial Hospital here Wednesday where she will receive treatment.

Charles Ashford entered the Alton Memorial Hospital in Alton Saturday for treatment.

Miss Mira Green returned home the last of the week from Madison, Wis., where she had been a guest of her nephew and niece, Comm. and Mrs. Ralph M. Metcalf.

**TWO HEADLINERS are better than one!**

NO doubt about it—the tires on your car have a lot to do with its comfort, and the new oversize casings deserve all the headline play they're getting.

But if you like to take things easy as you drive, why be content with one such headliner, when Buick gives you riding comfort in a double dose?

For instance, every 1948 Buick rides on lower-than-usual air pressures. That comes not only from the tire sizes, but from the fact that Buick wheels have the widest rims in the industry.

Wider rims increase tire air capacity. They also straighten sidewalls, giving them a bracing action against side thrust and sway.

Result: Comfort plus control—a soft ride and surer handling—in every Buick in our '48 line.

On top of that, every Buick has a soft coil spring on each wheel to back up the cushioning action of the tires.

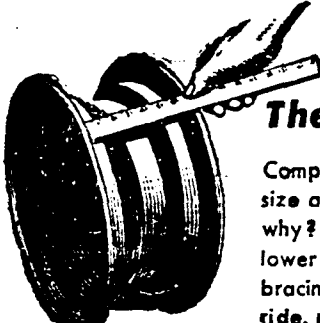

Each wheel is prepared to step over bumps as they come, front and rear springs are precisely balanced with each other, and both front- and rear-seat passengers enjoy a level, bounce-free ride.

On such springing alone this sprightly fashion plate of '48 would be noted for its easy-going stride.

But we figure that two headline features are always better than one,

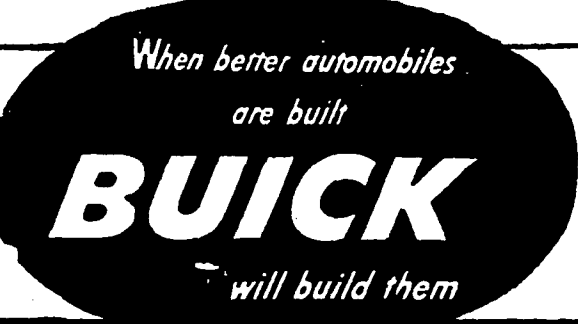

so every Buick enjoys both gentler springing and lower-pressure tires.

Go try out a Buick and see for yourself what we mean. If you haven't done so already, you'll see your Buick dealer pronto, with or without a car to trade—and get a firm order in.

The Widest Rims in the Industry

Compare Buick rims with those on other cars of the same size and weight, and you'll find that Buick's are wider—why? Because wider rims increase air space and permit lower air pressures. They also give sidewalls an extra bracing action that checks sway. The result is a softer ride, plus better car control.

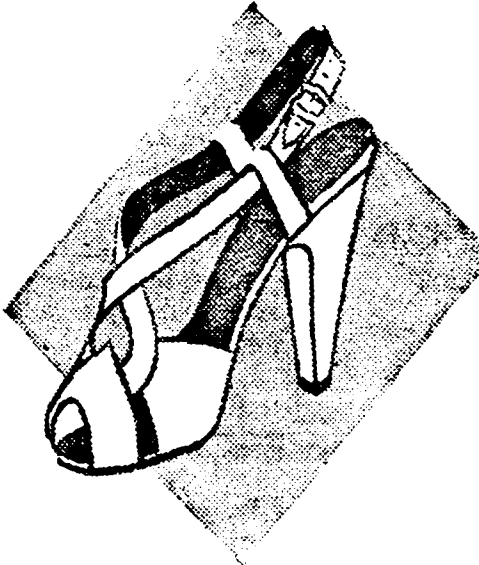

BUICK alone has all these features—

- \* DYNAFLOW DRIVE (Optional)
- \* VIBRA-SHIELDED RIDE
- \* DUOMATIC SPARK ADVANCE
- \* QUADRIFLEX COIL SPRINGING

## PEAS 'N CHEESE SALAD

- 1 No. 2 can of peas, drained
- 1/2 cup diced celery
- 1/2 cup salad dressing
- 1/2 cup American or Swiss Cheese
- 4 medium-sized tomatoes
- 3 tablespoons chopped sweet dill
- 1/2 teaspoon Salt
- 1/2 teaspoon Lettuce

Chill peas. Drain off liquid (save for soup). Dice cheese about same size as peas. Lightly combine cheese, peas, pickles, celery, salad dressing. Cut tomatoes in wedges but leave them attached at bottom. Spread open gently. Sprinkle with salt. Place each tomato on salad plate with lettuce—pile peas and cheese mixture in center. Serve immediately.

## "Doc" Hamilton Recalls Chautauqua In Palmy Days; 10,000 Crowds

By ROBERT E. BRADNEY

Perhaps no one in Jacksonville remembers the story of the rise and fall of the Chautauqua as it is recorded in the early history of Nichols park better than Lloyd (Doc) Hamilton, 641 South Diamond street.

Mr. Hamilton, who went to work at the park in 1904 for John McCann, says that in those days there was nothing there but Lake Morgan and a picnic grounds. Jacksonville dwellers got to the park via the old horse drawn street car—(carry-all to those who know better)—which went out South Main. They walked from the corners of South Main and Vandalia to the park.

The present refreshment stand, which is located north of Nichols park bridge was built in 1906 by Mr. Seligman. Seligman ran a bottling works in town and is remembered as the man who developed Gravel Springs.

Five Refreshment Stands  
Nichols park had been given to Jacksonville by Samuel W. Nichols, co-publisher of the Journal, several years before. It at once became popular with the surrounding population and before long the dance hall, park. Best of all, the admission was

free. These who think outdoor movies a development of the 1940's had better check into the annals of Morgan county.

The park has developed under the close observation of Hamilton. He and Robert L. Mullenix bought the refreshment stand in 1916 and together, Mr. Hamilton later by himself, operated it through 1944.

10,000 Crowds on Sunday  
Chautauqua came to Morgan county about 1811-12, and residents of the county under 35 years of age may have difficulty in realizing the proportions to which it grew. Sunday crowds numbering over 10,000 people are recalled.

The nation-wide phenomena called chautauqua grew suddenly, prospered wildly, then sank into utter oblivion. It went something like this:

Chautauqua ran for 10 days. In that period there would be varied programs including bands, lecturers, plays, chorals groups and what have you. But chautauqua was more than this. Morning programs would feature subjects of interest to housewives. Typical subjects might be "Home Economics" or "How to Bring Up Junior." All this would usually be after harvest. There was no county fair then, and the gay get-together filled the ancient need of harvest festivities.

A tent city of considerable size added to the holiday atmosphere. Mr. Armbruster would erect several hundred tents on the east side of the lake and Morgan county's leading families would live in the park during chautauqua. S. W. Nichols, who was then approaching 80, used to make the rounds of the tent city every day and collect items for the paper.

Best known of chautauqua speakers was William Jennings Bryan who kept speaking from the platform even after he was appointed secretary of state by Woodrow Wilson. Hamilton remembers one time he was scheduled to speak at 2 p.m. but somehow he was delayed. Though he did not appear until 6 p.m., not one person left the blistering tent to go home.

Another well known Chautauqua lecturer was the famed Senator Borah of Idaho. Most of the talent there was imported. Mr. Hamilton said, but H. H. Bancroft used to speak from the platform occasionally.

In hot weather, Mullenix and Hamilton used to sell 200 gallons of punch in a single day. Crowds of that size tend to indicate the quality of talent at Chautauqua.

Arrived Early—Stayed Late  
People would arrive at the park early in the morning and stay all day. The Nichols park picnic shelter is the old dining hall. The Christian church has furnished many a meal to hungry Chautauqua goers.

Chautauqua faded as quickly as it had blossomed. The county fair, the motor-car—a faster tempo of life killed it.

Mr. Hamilton remembers, too, the old six hole golf course at the park. For avid fans of today, a description of the course might prove interesting. One teed off at the present number two and drove to number nine. Then he walked in front of the dance pavilion and drove north to the caddy house. No. 3 was to the tennis courts. Next hole was north of the swimming pool. Five was from the pool, north to the highway, and six—the "rough" one was the present number one. Few had to use drivers.

An Early "Swimming Hole"  
Before the swimming pool was built in 1922, the park board built a sand-filled beach on the west side of the lake north of the refreshment stand. It might have remained through the years but Morgan lake was the city water supply. This factor was weighty enough to cause the city fathers to erect the swimming pool at a cost of \$6,500. Recently the park board spent \$20,000 on the pool for repairs.

Jacksonville had the makings of a zoo at Nichols park at one time. The monkey house was always a point of interest for young and old alike. For many years, there was a deer pen in the south part of the park. And even the youngest will remember the swans.

Hamilton remembers too the old

Hamilton remembers too the old

ice house. It burned down but its foundations can be seen in the north section of the park. Ice was frozen in the winter and packed in sawdust.

Jacksonville never permitted carnivals and circuses in the park. Throughout the years Nichols park has served as a haven for heat oppressed citizens of Morgan county. Park boards have consistently improved the gently rolling land and have made it more pleasant to pleasure seekers, and it remains about the most popular place in Morgan county throughout the long hot summer.

## AVERY "A" IS THE RIGHT SIZE FOR ECONOMY!

Ample power for two plow farming... yet not a pound of useless and unnecessary weight! That's the reason why the new B. F. Avery Model A puts more money in your pocket. It saves you plenty in fuel, and upkeep costs. Under average conditions Model A pulls two 14-inch bottoms on about a gallon of gas per hour... and supplies the same economical power on all other drawbar, belt, and power take-off jobs. More than an economy tractor, Model A is a star field performer! It's the only tractor today with free-floating mounted implements! Model A will do close, accurate field work unmatched by more expensive machines because its mounted tools work free of the tractor. It's outstanding on the contour or on rough fields. You'll like its ease of handling too. Planter and cultivator are front-mounted. Hydraulic control eliminates nearly all effort except driving! Come down to Wards Farm Store today and see this exceptional tractor go through its paces. Learn how the Model A can do a better job for you... and do it at less cost!

### AVERY IS FIRST TO BRING YOU THE PESCO PRESSURE- LOADED HYDRAULIC PUMP!

The Avery Model A is the first farm tractor to be equipped with the war-proven Pesco Pressure-Loaded Hydraulic Pump. The Pesco Pump is alive whenever the engine is running... pressure is instantly available to raise or lower the implements. Implements always return to maximum height or to preset depth. Depth is controlled with finger-tip ease. The Pesco unit is a permanent attachment with no hose-connections or bothersome couplings. Holds mounted implements positively and safely in any position when tractor is not running. See it today at Wards!

### Funeral Services Held Thursday For Edward D. Bargery

Funeral rites for Edward D. Bargery, well known local businessman, were held Thursday at 10:30 a. m. at the Cody and Son Memorial Home. The Rev. R. M. Harris was the officiating minister.

Music for the services was furnished by Mrs. Lois Hardin, soloist, accompanied at the organ by Noel Rousey. Selections included "Sometime, We'll Understand" and "In the Garden."

The numerous floral tributes were cared for by Mrs. Norma Ludwig, Mrs. Robert Fay, Mrs. Ben Montee, Mrs. John Clausen, Mrs. William Carey and Mrs. Burl Parker.

The pallbearers, all members of the High Twelve club, were Gust Bergquist, Dr. S. V. Weller, E. L. Kinney, Thomas Harber, William Goebel and Fred Deatherage.

Burial was in Memorial Lawn cemetery, where graveside rites were conducted by Masonic Lodge No. 570, with J. Weir Elliott as worshipful master and Crit Haneline as chaplain.

Members of the Rotary club and employees of the Coca-Cola Bottling company attended the services in a body.

### NOTICE TO TAXPAYERS

Final Inspection Of Derby Cars Tonight

Final inspection for Soap Box racers will begin Thursday evening at 7 p. m. at the Corn Belt Chevrolet garage. All cars must be submitted to rigid tests and be ready for the Derby track Sunday morning. The Derby will begin promptly at 1 p. m. Chief inspectors Sid Armstrong and Howard Wooten will use especial care to see that all new rules are observed to the letter and spirit.

The chief inspectors are assisted by Wm. Hudson, Harold Kamm, John Zell, Ed Shimmer, Melton Bartel, Mel Harris, Walter Hamilton, and Bud Boruff.

The rules changes, imposed for this year's race by the national rules committee, have forced many drastic changes in cars that will be driven down Grove street Sunday afternoon. The most important changes which inspectors must watch are body design, brakes and steering mechanism.

Interested spectators have gathered at the Corn Belt Chevrolet garage to see the cars on display. Wednesday night several hundred people visited the Derby racers.

One big change this year is that no transparent material can be used in the construction of the car's superstructure. Other body must be: the cockpit must be open at the top, and be large enough to permit the driver to get in or out without removing the steering wheel or a section of the body; the car body must not confine the driver's head; the seat back must be removable or hinged to aid inspection; the nose of the car must extend forward farther than the front of the front wheels.

New rules regarding steering are important, and are checked carefully by inspectors. The driver, to steer, must sit in a normal driving position and no windshield is permitted. Steering must be by hand and the wheel must be above the driver's legs. The steering wheel must clear the rim of the cockpit by two inches. Steering by a tiller is forbidden, but a steering bar may be used if it is at least 18 inches long and is used in conjunction with a steering wheel. A special, authorized steering post and cable drum made commercially as a complete assembly, is one of the new ready-made parts authorized in the rules.

Failure to build the car with safe steering and braking devices will lead to disqualification.

These new rules, and most of the old ones, have been devised primarily with an eye on safety. Inspectors use gauges and scales to check some of the rules, but many of them require study by the inspectors, and care to see that the letter and spirit of the safety regulations are observed.

Musical Numbers Highlight Program Of Orleans Club

A group of piano duets by Mrs. Elizabeth Ash and daughter, Mary, highlighted the program at the meeting of the Orleans Woman's Country club, held Tuesday afternoon at the home of Mrs. Laura Hallberg, 845 South East street.

Selections played by Mrs. Ash and her daughter were "Fairy Bells," "The Cricket" and "The Bells." Miss Ash also presented a solo, "Theme in B Flat."

The meeting, which opened with the club prayer said in unison, was presided over by the new president, Mrs. Nelle Stevenson.

"The Expanding Circles of Christianity" was the theme of the afternoon's program, given by Mrs. Lilly Clegg. The subject was divided into the following sub-topics: "Man and

His Contributing Factors to Christianity;" "There Is No Place Like Home;" "Our Opportunity in Tomorrow's Church;" "Our Community—Where Cross the Crowded Ways of Life;" "Our Nation—Christian Defense of Democracy;" and "World Christianity."

A social period followed, during which refreshments were served. Guests were Mrs. William Richardson, Mrs. Lillian Scott, Mrs. Mary Strawn, Miss Hazel Strawn, Miss Euphemia Adams, Miss Helen Holmes, Mary Ash and Nadine Negus.

The next meeting will be held with Mrs. Esther Clemmons on July 27.

PROVEN

Reducing Method

MAKES HOT SUMMERS

More Enjoyable!

Hot summer months mean uncomfortable weary days to those carrying around excess bulky fat. Renneil Concentrate, in liquid form for quicker action, is simple to make—simple to take. Mixed with unsweetened grapefruit juice as per instructions on bottle and kept in the ice box, this cool preparation is easy to take in hot weather. Unlike tablets which are expensive to manufacture, you get a low priced premium product in Renneil. Thousands have discovered this amazing formula to be the safe economical method for losing weight.

No need to starve yourself or buy expensive vitamins to supplement your eating while following a rigid unpleasant diet. With Renneil you won't have to go hungry. Eat normal, regular meals yet reduce in the comfort of your own home and enjoy wearing the smart new look fashions even in the hottest weather. You may obtain Renneil at your drug store. If the very first bottle doesn't show you the simple, easy way to reduce; if reducible pounds and inches of uncomfortable excess fat don't seem to disappear almost like magic, just return the empty bottle to the manufacturer for your money.

### Miss Grace Standley Weds Robert Duncan

#### Popular Couple United In Late Afternoon Rites

The rectory of the Church of Our Saviour was the scene of a pretty wedding ceremony Thursday at 4 p.m. in which Miss Grace Marie Standley became the bride of Robert Lee Duncan.

The bride is the daughter of Mrs. Mary Standley, 280 Sandusky street. Mr. and Mrs. E. L. Duncan, 504 North Diamond street, are the bridegroom's parents.

The couple pledged their vows in a double-ring ceremony performed by the Rev. Father Raymond Franzen.

Miss Joann Duncan, sister of the bridegroom, was the maid of honor and Miss Barbara Bonjean was the bridesmaid. The best man was Connie Hanley.

Gown of White Organdy For her marriage, the bride wore a gown of white embroidered organdy over pink taffeta. Rows of tucking lent a lace-like effect to the bodice and emphasized the plunging neckline. A large band of pink satin accented the waistline and formed a bustle at the back. The full skirt fell to the floor in graceful folds.

The bridal veil, of French illusion, was fingertip in length and was held in place with a tiara of pearlized orange blossoms. Her bouquet was of pink roses, centered with an orchid, and tied with streamers of white satin.

The gowns worn by the maid of honor and the bridesmaid were of white organdy over pink taffeta and were identical in design, featuring embroidered bodices, large pink sashes and floor-length skirts. They carried colonial bouquets of mixed flowers.

A dress of blue sheer with matching accessories was worn by the bride's mother. The bridegroom's mother chose a brown sheer dress with matching accessories. Both had corsages of pink rosebuds.

200 Guests at Reception A reception honoring the young couple was held later in the day in the banquet room of the Dunlap hotel, where more than 200 guests were received.

Following the reception, the couple left on their wedding trip. Upon returning they will make their home at 1041 Grove street.

For traveling, Mrs. Duncan chose a dress of brown slipper satin, with which she wore accessories of balenciag and the orchid from her bridal bouquet.

The bride was graduated from Route high school in 1947 and later attended the College of St. Francis in Joliet. Her husband graduated from Jacksonville high school and attended Illinois college and in

Kansas City School of Watchmaking. He is now engaged in business with his father.

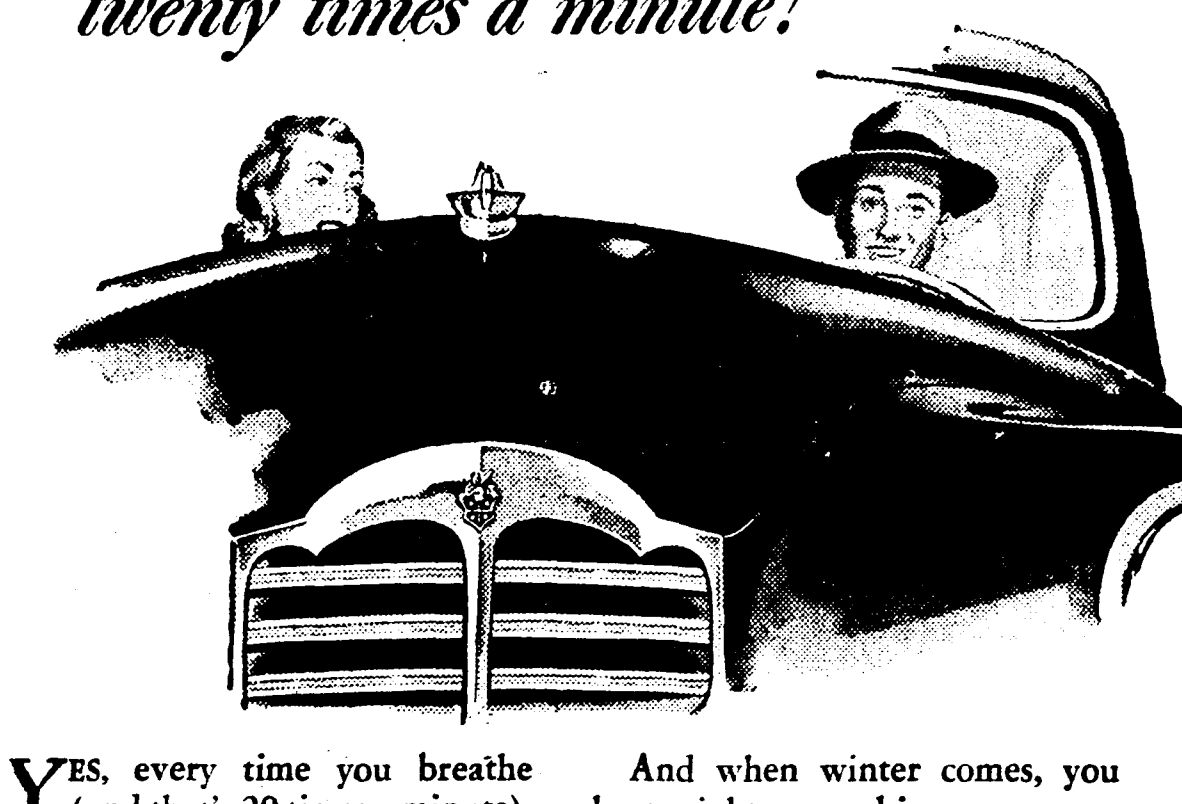

#### MOSCOW HAS STRAP HANGERS, TOO

Moscow—(P)—During the first six months of 1948 the Moscow subway transported 291,900,000 passengers. Reporting this, "Evening Moscow" said the number of trains have been increased this year and the intervals between them sharply reduced. "Soon," said the paper, "the intervals will be even shorter and newer trains introduced."

NOTICE Water will be shut off from Lafayette to Independence on Church street, Church street to Fayette on Independence, Independence to Walnut on Fayette, Friday morning from 8 to 10:30 a. m.

You'll say "Great" twenty times a minute!

YES, every time you breathe (and that's 20 times a minute), you'll thank the good judgment that put you in a Packard!

For only in a Packard can you get a constant flow of crisp, fresh air—even when you're standing still, with windows closed.

At the touch of a button, you can create your own breeze—fresh, crisp, circulating air . . . completely changed once every minute.

On the road, you cruise refreshed with windows up. No more nerve-wracking wind noise. No more wind-blown hair.

And when winter comes, you keep right on making your own weather. Just set the dial for the temperature you want—the rest is automatic.

So why not start getting some real fun out of your breathing? See your Packard dealer—let him give you a demonstration of the industry's most efficient heating and ventilating system.

You'll find it's one of a multitude of good reasons for placing your Packard order now!

## Bitter Reprieve

By Drexel Drake Copyright, 1948, by Charles M. Huff. Distributed by NEA Service, Inc.

THE STORY: Playboy Marcus Sterling has stolen his wife's diamond necklace and handed it over as security on a \$10,000 loan. To cover the theft, perpetrated while his wife slept, Sterling makes it appear a professional burglary. He then goes to Edgewater Country Club to spend the night and establish an alibi. Along with the necklace, he has also taken a sealed packet from his wife's safe. This Marcus discovers later, is \$10,000 in cash which Miriam had withdrawn from the bank to give him.

Next morning Police Lt. Talen arrives at the Sterling household. Mrs. Sterling has been found murdered in bed. The wall safe in her room has been ransacked and everything points to robbery. Talen discovers Miriam's checkbook, with a stub dated the previous day made out to \$10,000 cash. The maid, Stella Nelson, tells him Mrs. Sterling kept her diamond necklace in the safe.

XVI THE shrill jangling of the bell aroused Marcus Sterling from a torturing dream into which it fitted with perfect synchronization. He raised himself abruptly, unable at once to shake off the unreality of the dream... vague dodging of pursuit, glaring lights seeking out his hiding places, the ear-splitting alarm of a siren.

He needed a moment to remember that he was in a room in the Edgewater clubhouse... that he had asked to be called at 7 o'clock. He had been in bed little more than two hours. Sleep had not come... Only fitful drowsing with startled awakenings.

Out of bed now, Sterling found reassurance in the flood of daylight that brightened his room. His legs were not too steady but he seemed fully awake, his brain alive, not greatly aware of the loss of sleep.

At his mirror in the bathroom, there was no denying the drawn, haggard appearance of his face. He attacked that with dousing into cold water, rubbing until his cheeks stung. Then the shower. He loitered under it. When again

he examined his face in the mirror, he was satisfied that shaving would complete necessary repairs. From his bag Sterling laid out the clothes he would wear on the golf course. Then he remembered the money.

He'd have to do something about the money, just as he had done something about the dirt-stained shoes, and flashlight. He could afford no mistakes, no carelessness now. He took Miriam's note from the shelf of bills—lit it and watched it turn to ashes in the ashtray on the small table—mixed the blackened ash thoroughly into the ashes of cigarettes he had smoked. He put the money on the dresser. He'd have to take care of that.

STERLING shaved... got into his golf clothes. By the time he was dressed, he'd decided what he could do with the money.

It was near 8. Maybe he could still get Shaw in his room... tell them on the 10th tee. He could tell Shaw something had come up... he had to make some phone calls, wait for some callbacks.

The telephone brought no answer from Shaw's room. Probably at breakfast, Sterling thought. Well, he'd find them in the grill, if he hurried, before they went on to the locker room. He slipped the envelope of money in the inside pocket of his jacket.

Both Shaw and Crabfield were at breakfast in the grill, at a table over near a window. Sterling walked over to the table. The grill was deserted.

"You'll have to do some fast eating if you're leaving at 8:30," Shaw said.

Sterling explained his pretended dilemma. Both men were sorry. Sterling sat down with them. The two older men had finished and gone on before Sterling's breakfast arrived.

(To Be Continued)

After a second cup of coffee, Sterling went out to the desk. The main foyer was lifeless.

He recognized the attendant as a youth of endless tasks and errands in the locker room.

"Well, Bob, so you've been promoted up here, have you?"

"Only in the mornings, Mr. Sterling. Nobody else around here wants to get up that early. Anything I can do for you?"

"I need two envelopes, Bob. Both large, but one larger than the other. Think you can round them up?"

The young man took one long stride to a drawer and jerked it open. "There must be six or seven sizes here, Mr. Sterling," he said. "Maybe you'd want to come around back here and pick out just what you want."

STERLING selected two long envelopes, one of which would fit inside the other with considerable room to spare.

"I see you have a roll of gummed tape in there," Sterling said. "I can use a piece of that."

"Why not, Mr. Sterling? Anything else?"

"I'll need some stamps, but I'll wait until I have the package ready and weigh it. Lucky for me you have that scale."

"Won't you need some paper?"

"Of course. I forgot that. Thanks, Bob." He accepted a profligate gift of club letterheads, for none of which he had any intended use.

In front of the desk again, Sterling nodded toward the large mail box at one end. "What time do they pick up the mail?" he asked.

"The first time around 9:30, Mr. Sterling. Just about when Johnny Geer shows up to take over this job." The youth glanced up at the clock. "You got about 25 minutes, anyway."

Sterling decided against mentioning that the clock was fast. He went to a writing desk in a corner of the foyer, where even young Bob Davis in his spot behind the clerk's desk was out of range. He had the place entirely to himself.

# Scott Hogs Sweep Class

It isn't often that a swine exhibitor captures all the ribbons in a breed division, but Harry Brown of Naples proved at the Greene county fair that it could be done with the greatest of ease.

His Hereford hogs were the only ones brought to the fair.

Harry welcomed the premium money, but feels that competition "would be more fun." He's pretty proud of his junior boar and sleek junior gilt and is confident they'll do well in most showings.

He is the son of Mr. and Mrs. Clarence Brown, who manage the well-known boating and fishing spot on Smith's lake on the Meredosias.

# Audra Nienhiser Feted At Shower Held In Chapin

Miss Audra Nienhiser, who will become the bride of Robert Taylor on Sunday, July 25, was honored at a miscellaneous shower given recently at the home of Mrs. Luther Brockhouse in Chapin.

A color scheme of blue and yellow was carried out in the decorations. Heart shaped folders inscribed with "Audra and Robert July 25," were the favors.

Gifts were placed on a table decorated in blue and yellow with streamers extending from the chandelier. Bunches of flowers and prizes were awarded to Mrs. H. C. Brockhouse, Miss Mary Gaddis and Mrs. Claude Taylor.

Those present included: Mrs. Milton Skinner of Springfield, Mrs. William Farr of Galesburg, Mrs. H. C. Brockhouse of Arenzville, Miss Esther Ballard of Chicago, Mrs. Austin Moody, Mrs. Henry Vortman, Mrs. Claude Taylor, Mrs. Julius Fricke, Mrs. Alvin Weber, Mrs. Oren Hynes, Mrs. James King, Mrs. A. J. # Farmer Makes a Beachhead in a Wheat Field

Billy Koelsch, St. John, Kan., wheat farmer, hitched his combine to a war surplus landing barge when heavy rains made his fields too muddy for ordinary tractors. Koelsch's ingenuity saved his wheat crop, which yielded about 30 bushels to the acre. With regular equipment, he would have had to wait another week before he could harvest.

# Plan Final Rites For Mrs. Lewis Friday Afternoon

Mrs. Lillian M. Lewis, wife of George Lewis, died suddenly Thursday about 5:30 a.m. at her home in the Berea community, north of Alexander. Although Mrs. Lewis had been in failing health for some time, her death came unexpectedly.

She was born north of Ashland on July 21, 1886, the daughter of J. R. and Clara Holmes Keltner. Her marriage to Mr. Lewis took place on Feb. 9, 1909.

Surviving besides her husband are two brothers, Claude E. Keltner of Peoria and Otis Keltner of Berea.

Mrs. Lewis was a member of the Berea Christian church, the Ladies' Aid society of that church and the Loyal Berea Sunday school class.

Funeral services for Lillian M. Lewis will be held Sunday at 3 p.m., standard time, at the Berea Christian church, the Rev. R. E. May officiating. Burial will be in Yatesville cemetery.

The family will meet friends from 3 until 5 p.m., standard time, on Friday, at the Williamson funeral home. The body will remain at the funeral home until one hour before the services.

# Scott Co. Housing Authority Given \$6,799 Grant

Chicago, July 15.—(AP)—State housing grants totaling \$464,206 were approved today for 17 downstate housing authorities.

The grants, made by the Illinois State Housing Board, will go to 13 county and four city housing authorities.

The money is part of \$30,000,000 set aside by the 1945 and 1947 general assemblies to meet the post-war housing shortage.

County housing authorities receiving grants are: Putnam, \$4,389; Ogle, \$37,822; Peoria, \$40,153; Scott, \$6,799; Bureau, \$31,267; Adams, \$20,589; Union, \$17,902; Knox, \$43,449; Clay, \$15,735; Menard, \$8,867; Stark, \$7,385; Fulton, \$37,110; and Boone, \$12,641.

City housing authorities receiving grants are: Oak Park, \$54,895; City of Joliet, \$35,229; City of Rock Island, \$35,570; and Evanston Land Clearance Commission, \$54,375.

More than 68 per cent of Illinois cities and counties are receiving state aid for housing programs, said Temple McFadden, chairman of the state housing board.

# Inhalator Squad Helps To Revive 3 Year Old Child

The inhalator squad of the Jacksonville fire department was called to the office of Dr. E. C. Bone, 348 West State street, at 4:45 p.m. Wednesday, to revive Robert Howard, three-year-old son of Mr. and Mrs. James Howard, 508 South West street.

The child was out of danger when the squad arrived. However, the squad administered some oxygen to further revive him.

The youngster attempted to swallow a piece of candy too large for his throat and it became lodged. Dr. Bone stated that it was removed with no difficulty and the child was "doing fine" Thursday morning.

The program, which was arranged by the finance committee, consisted of group singing and contests. Mrs. Stella Hall was introduced as a new member.

The meeting of Aug. 19 will be a trip by chartered bus to the St. Louis Municipal opera presentation of "Up in Central Park." Reservations must be made with Mrs. Marian Vinson, chairman of the transportation committee.

# Lack Of Interest Cancels 4-H Camp For Morgan Boys

Farm Adviser E. H. Garlich, Thursday abandoned the plans of holding a camp for 4-H boys this year, which was to have opened at Nichols Park Monday.

Lack of interest was the reason for the reluctant decision. Only 14 Morgan county 4-H boys had signed a desire to attend the camp. This number was called below the minimum needed to build a satisfactory recreational and educational program.

"Maybe camping is a little too tame for our boys," Mr. Garlich observed. "One thing is sure, if the weather clears every 4-H boy will have plenty to do helping with the farm work."

Mrs. Marvin Tholen announced plans for the girls' camp have not been altered. Sixty-nine girls have signed to attend the camp, which opens at 1 p.m. Wednesday.
